

# HORIZON COLLECTIVE COMMITMENTS

## C L I M A T E

We commit to a climate that is welcoming, safe, calm, and collaborative; where we see the good in everyone and all feel that they belong.

We commit to a climate where our interactions are positive, warm, and respectful; where well-being and happiness are the norm.

We commit to having classrooms that are clean, inviting, free from clutter, and well organized to help our students know and feel that excellence is expected.

We commit to a climate of love and support for all of our students, teachers, and families. We will take good care of you.
